## TRADES ASSEMBLY.

Various Matters Passed Upon Yesterday Afternoon.

### THE MUSICIANS' DIFFICULTY

Came Up and Was Discussed at Considerable Length—The Squire Arkle Difficulty Discussed and Action Taken—New Delegates Obligated. Several Boycotts Ordered.

Yesterday afternoon a regular meeting of the Ohio Valley Trades and Labor Assembly, was held, presided over by President Richard Robertson, with Tom V. Saulsbury at the desk. There was a very fair attendance of delegates.

A delegation of Elm Grove miners was present to make a statement regarding the Squire Arkle difficulty, and asked the assembly to proceed with the matter. The committee reported that at a mass meeting at Elm Grove resolutions had been adopted regarding this affair, these the committee read before the assembly. It was decided that the assembly's committee shall act in conjunction with the Elm Grove committee.

The following new delegates were admitted and obligated:

Miners' No. 13.—Fred Byranger and George Burdell.  
Printers' No. 72.—W. S. Carlin.  
Pottery' No. 254.—Joseph Cannon and F. C. Green.  
Tobacco Workers' No. 427.—Michael Clary.

The miners' delegates reported that their strike is still on, with good chances for ultimate success. The pottery delegates reported no change in the situation regarding their strike. Typographical Union No. 79 reported that the *Comer Stone* matter is being pushed.

The potters' delegates asked for boycotts on two boarding house keepers for taking in "scab pottery workers." On motion of a delegate the matter will be investigated before action is taken.

The miners were also after a boycott on a local peddling mine, the owners of which have been furnishing coal to the Wheeling Railway Company and also to small consumers. It was said non-union miners were employed there. Miners had waited on the mine owners and they had promised to "release" the non-union men, but this they had failed to do. The boycott was tacked on.

The assembly's arbiter reported on various matters which had been referred to him for investigation. Regarding the Squire Arkle Elm Grove case, he reported the matter now in the hands of the board of county commissioners. He recommended the employment of an attorney to represent the miners before the board of commissioners at their next meeting. The report was received and adopted. A delegate moved the appointment of a committee to act in conjunction with the Elm Grove committee. The motion prevailed and the president named Messrs. Elder, Saunders, Grogan, Sims and Floto as the committee.

The arbiter also reported on the action taken by assembly committees during the stay in Wheeling of Colonel Galvin's army. Money had been collected as follows:

RECEIPTS.	
From citizens	\$2 50
Garfield Assembly, K. of L.	25 00
Trades Assembly	55 00
Total	\$82 50

EXPENDITURES.	
Railroad fares	\$134 64
Board	7 50—\$142 14

The report was received and adopted. Members of trades assembly committees were remunerated for their services while the Galvinites were here.

The organization committee reported the organization of miners in the Elm Grove district.

The same committee made a report regarding the local musical union, and an hour's discussion followed. The American cornet band is made up of union men, members of Garfield Assembly, Knights of Labor (cigar makers), and they want to organize a musical union under the Knights of Labor.

There was some opposition to this course, it being advocated that all musicians should be in one organization. The objection the American cornet people made to this was that they would have to charge the same scale as the Opera House band, and as their music is inferior to that band, they would be able to do nothing. It was said also that the musicians' organization would make a special scale for this band. The matter was finally referred to the organization committee with orders to effect one organization for all the musicians.

President Robertson reported the Ohio Valley China Company had fulfilled its promise and given transportation to the imported potters, back to Germany. One, Fraase, had been unable to return on account of having a family here.
